GENERAL INFORMATION PERTINENT TO ELECTIONS AND ELECTED OFFICIALS

Presidential Electors

There are six presidential electors in Colorado, one each for the four congressmen and one each for the two United States Senators. The presidential electors are selected by a majority vote of the delegates to the respective party state conventions, specifically, at the convention that is held during the presidential election year. Once the presidential electors are selected by the delegates of the state convention, their actual duties do not commence until after the general election, at which time it is determined by the vote of the electors of the state what political party will be represented at the meeting of the presidential electors. In other words, regardless of what the result may be nationally, those electors required to meet are the electors representing the party whose candidates polled the highest vote in the state for president and vice president. The presidential electors convene at the Capitol of the State in the office of the Governor on the first Monday, after the second Wednesday in December, following the election, at twelve noon, and proceed to take the oath required by law for presidential electors; then, once having taken the oath, cast their official ballot for president and vice president for the candidates of their party. The law in Colorado requires that each presidential elector shall vote for the pair of presidential and vice presidential candidates who received the highest number of votes in the preceding general election in Colorado. Having then cast their votes for the candidates, the duties of the presidential electors have been performed.

Initiative Process for Proposed Constitutional Amendments

Under the Initiative and Referendum Statute in Colorado there are provisions for electors of the State of Colorado to draft and submit to the people of Colorado proposed constitutional changes. There are a number of statutory requirements that must be followed in order for these electors to submit petitions for proposed constitutional amendments to the electors of Colorado for signatures. Detailed information may be obtained from the office of the secretary of state, specifically from the office of the state elections officer, who serves under the secretary of state. The following information is of a general nature and should be of help to those electors who might be considering the possibility of amending the State Constitution through the Initiative.

The original draft of all initiative petitions, before they are signed by the electors of the state, shall be submitted to the secretary of state, the secretary of state in turn submits this proposed constitutional amendment to a board consisting of the secretary of state, the attorney general and the reporter of the Supreme Court, who in turn designate their first title for the constitutional amendment, along with a ballot title and submission clause, which shall in the opinion of the board correctly and fairly express the intent and meaning of the proposed amendment. If the proponents of the amendment are not satisfied with the ballot title and the title as selected by the above-mentioned statutory board, they may file a motion with the secretary of state stating that they feel the titles do not fairly express the full meaning and intent of the proposed constitutional amendment. They may at the same time submit
