Greetings,

I am pleased to publish the 1988 Abstract of Votes Cast which provides as complete a picture of Colorado voting behavior as our data will provide.

Compiled from material filed at our office, this publication profiles the voting patterns of Colorado voters both in the Primary and the General Election.

Some 1,416,266 electors exercised their voice at the polls in November 1988. This abstract is dedicated to those who realize that every voice is critical and counted in determining the direction of local and national governmental affairs. Our system of government would cease to exist without a concerned constituency who participates at every level of the electoral process.

Sincerely,

A handwritten signature in cursive script that reads "Natalie Meyer". The signature is fluid and elegant, with a large initial 'N' and 'M'.

Natalie Meyer  
Secretary of State

\*Party affiliation figures differ from "# Vote" Column as published in Abstract of Votes Cast at the General Election because of the failure to return absentee ballot, late count of overseas ballots, and overseas citizens registrations.
