DISCLAIMER

The information on General Election 2000 results contained in this abstract may differ from the results that were certified by this office due to inaccurate totals certified to this office and addition errors. All information contained in this abstract was obtained from the counties and is more accurate than those totals originally reported. The information on judicial retention regarding dates of oaths and terms of office was compiled from information provided by the State Office of Judicial Administration.

Information Reported in the 2000 Abstract of Votes

This information is compiled from data submitted to the Secretary of State by the County Clerk and Recorders in the State of Colorado. It is the complete summary of information reported for the Presidential Primary, the Primary, and the General Elections held in the Year 2000. The “# ACT” column shows the number of active registered voters in precincts eligible to vote for a particular race. The “# VOTE” column shows the calculated number of eligible voters that actually voted in a particular race. The “UNDER VOTE” column shows the calculated number of ballots cast for a particular race in which the voter expressed no preference for any candidate.

The “# VOTE” and “UNDER VOTE” columns are calculated because, for the 2000 election cycle, counties were not required to report to the Secretary of State the number of voters casting their ballot by absentee ballot and at early voting. The “# VOTE” and “UNDER VOTE” columns are based on the actual number of voters that voted at a polling place on Election Day, and a calculated number of voters casting their ballots by absentee ballot and at early voting. Since this number is calculated and not actually reported directly by all counties, some discrepancies may exist. The actual number of votes cast for each candidate and the number of active registered voters are reported directly by the counties.

For the 2001 Odd-Year Election, and all subsequent elections, counties will be required to report results to the Secretary of State’s office and show the registered elector’s method of voting, whether their ballots are cast at a polling place, by absentee ballot, or at early voting.
